The sale of WORBLI Tokens and the WORBLI Tokens themselves are not securities, commodities, swaps on either securities or commodities or a financial instrument of any kind. Purchases and sales of WORBLI Tokens are not subject to the protections of any laws governing those types of financial instruments. This Agreement and all other documents referred to in this Agreement including the White Paper do not constitute a prospectus or offering document, and are not an offer to sell, nor the solicitation of an offer to buy an investment, a security,

In the event that Buyer is no longer in possession of Buyer's private keys or any device associated with Buyer's account or is not able to provide Buyer's login or identifying credentials, Buyer may lose all of Buyer's WORBLI Tokens and/or access to Buyer's account. Company is under no obligation to recover any WORBLI Tokens and Buyer acknowledges, understands and agrees that all purchases of WORBLI Tokens are non-refundable and Buyer will not receive money or other compensation for any WORBLI Tokens purchased.

5.6. Buyer Knowledge and Risks of Project. Buyer has sufficient knowledge and experience in business and financial matters, including a sufficient understanding of blockchain or cryptographic tokens and other digital assets, smart contracts, storage mechanisms (such as digital or token wallets), blockchain-based software systems and blockchain technology, to be able to evaluate the risks and merits of Buyer’s purchase of WORBLI Tokens, including but not limited, to the matters set forth in this Agreement, and is able to bear the risks thereof, including loss of all amounts paid, loss of WORBLI Tokens, and liability to the World Blockchain Initiative Parties and others for its acts and omissions, including with limitation those constituting breach of this Agreement, negligence, fraud or willful misconduct. b. Payments. All payments by Buyer under this Agreement will be made only in Buyer’s name, from a digital wallet or bank account not located in a country or territory that has been designated as a “non-cooperative country or territory” by the Financial Action Task Force, and is not a “foreign shell bank” within the meaning of the U.S. Bank Secrecy Act (31 U.S.C. § 5311 et seq.), as amended, and the regulations promulgated thereunder by the Financial Crimes Enforcement Network, as such regulations may be amended from time to time.

is the subject of country-wide or territory-wide Sanctions.

ARTICLE SIX: DISCLAIMERS

6.1. Buyer expressly acknowledges, understands and agrees that Buyer is purchasing WORBLI Tokens at the Buyer's sole risk and that the WORBLI Tokens are each provided, used and acquired on an "AS IS" and on an "AS AVAILABLE" basis without representations, warranties, promises or guarantees whatsoever of any kind by Company and Buyer shall rely on its own examination and investigation thereof.

6.2. No Representation or Warranty. (A) COMPANY DOES NOT MAKE AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR STATUTORY; AND (B) WITH RESPECT TO THE WORBLI TOKENS, COMPANY SPECIFICALLY DOES NOT REPRESENT AND WARRANT AND EXPRESSLY DISCLAIMS ANY REPRESENTATION OR WARRANTY, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION, ANY REPRESENTATIONS OR WARRANTIES OF TITLE, NONINFRINGEMENT, MERCHANTABILITY, USAGE, SUITABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, OR AS TO THE WORKMANSHIP OR TECHNICAL CODING THEREOF, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT.

ARTICLE SEVEN: RISKS

WORBLI TOKENS MAY HAVE NO VALUE. BUYER MAY LOSE ALL AMOUNTS PAID. Buyer has carefully reviewed, acknowledges, understands and assumes the following risks, as well as all other risks associated with the WORBLI Tokens (including those not discussed herein), all of which could render the WORBLI Tokens worthless or of little value:

7.1. No Rights, Functionality or Features. WORBLI Tokens have no rights, uses, purpose, attributes, functionalities or features, express or implied. WORBLI Tokens do not entitle holders to participate on the WORBLI Platform, even if the WORBLI Platform is launched and the WORBLI.IO Software's development is finished and the WORBLI.IO Software is adopted and implemented.

7.2. WORBLI Platform. Buyer should not purchase WORBLI Tokens in reliance on the WORBLI Platform because WORBLI Tokens are not usable on the WORBLI Platform and do not entitle Buyer to anything with respect to the WORBLI Platform.

7.3. Purchase Price Risk. There are no guarantees as to the price of WORBLI Tokens purchased by Buyer and no guarantees that the price per WORBLI Token determined and

adjusted during the token sale period by World Blockchain Initiative. There is the possibility that the price per WORBLI Token in subsequent rounds of the WORBLI Token Sale Period falls below the price paid by initial buyers of WORBLI Tokens during the WORBLI Token Sale Period. World Blockchain Initiative reserves the right to change the duration of the WORBLI Token Sale Period for any reason, including, without limitation, bugs in the WORBLI Token or the unavailability of the Website or other unforeseen procedural or security issues.

7.4. Ability to Transact or Resell. Buyer may be unable to sell or otherwise transact in WORBLI Tokens at any time, or for the price Buyer paid. By purchasing WORBLI Tokens, Buyer acknowledges, understands and agrees that: (a) WORBLI Tokens may have no value; (b) there is no guarantee or representation of liquidity for the WORBLI Tokens; and (c) the World Blockchain Initiative Parties are not and shall not be responsible for or liable for the market value of WORBLI Tokens, the transferability and/or liquidity of WORBLI Tokens and/or the availability of any market for WORBLI Tokens through third parties or otherwise.

7.5. Token Security. WORBLI Tokens may be subject to expropriation and or/theft. Hackers or other malicious groups or organizations may attempt to interfere with the WORBLI Tokens in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the Ethereum platform rests on open source software and WORBLI Tokens are based on open source software, there is the risk that Ethereum smart contracts may contain intentional or unintentional bugs or weaknesses which may negatively affect the WORBLI Tokens or result in the loss of Buyer's WORBLI Tokens, the loss of Buyer's ability to access or control Buyer's WORBLI Tokens or the loss of ETH in Buyer's account. In the event of such a software bug or weakness, there may be no remedy and holders of WORBLI Tokens are not guaranteed any remedy, refund or compensation.

7.6. Access to Private Keys. WORBLI Tokens purchased by Buyer may be held by Buyer in Buyer's digital wallet or vault, which requires a private key, or a combination of private keys, for access. Accordingly, loss of requisite private key(s) associated with Buyer's digital wallet or vault storing WORBLI Tokens will result in loss of such WORBLI Tokens, access to Buyer's WORBLI Token balance and/or any initial balances in blockchains created by third parties. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet or vault service Buyer uses, may be able to misappropriate Buyer's WORBLI Tokens. Company is not responsible for any such losses.

7.7. New Technology. The WORBLI.IO Software and the WORBLI Platform and all of the matters set forth in the White Paper are new and untested. The WORBLI.IO Software might not be capable of completion, implementation or adoption. It is possible that no blockchain utilizing the WORBLI.IO Software will ever be launched and there may never be an operational WORBLI Platform. Buyer should not rely on the WORBLI.IO Software or the ability

to receive tokens associated with the WORBLI Platform in the future. Even if the WORBLI.IO Software is completed, implemented and adopted, it might not function as intended, and any tokens associated with a blockchain adopting the WORBLI.IO Software may not have functionality that is desirable or valuable. Also, technology is changing rapidly, so the WORBLI Tokens and any tokens transferable on the WORBLI Platform may become Outdated.

7.8. Reliance on Third-Parties. Even if completed, the WORBLI.IO Software will rely, in whole or partly, on third parties to adopt and implement it and to continue to develop, supply, and otherwise support it. There is no assurance or guarantee that those third parties will complete their work, properly carry out their obligations, or otherwise meet anyone's needs, all of which might have a material adverse effect on the WORBLI.IO Software and WORBLI Platform.

7.9. Exchange & Counterparty Risks. If Buyer sends ETH to the WORBLI Token Purchase Address from an exchange or an account that Buyer does not control, WORBLI Tokens will be allocated to the account that has sent ETH; therefore, Buyer may never receive or be able to recover Buyer's WORBLI Tokens. Furthermore, if Buyer chooses to maintain or hold WORBLI Tokens through a cryptocurrency exchange or other third party, Buyer's WORBLI Tokens may be stolen or lost. In addition, third parties may not recognize Buyer's claim to any derivative tokens if and when launched by third parties according to the distribution rules set in the WORBLI.IO Software. By purchasing WORBLI Tokens, Buyer acknowledges and agrees that Buyer sends ETH to the WORBLI Token Purchase Address through an exchange account and/or holds WORBLI Tokens on a cryptocurrency exchange or with another third party at Buyer's own and sole risk.

7.10. Changes to the WORBLI.IO Software. The WORBLI.IO Software is still under development and may undergo significant changes over time. Although Company intends for the WORBLI.IO Software to have the features and specifications set forth in the White Paper, Company may make changes to such features and specifications for any number of reasons, any of which may mean that the WORBLI Platform does not meet Buyer's expectations.

7.11. Project Completion. The development of the WORBLI.IO Software may be abandoned for a number of reasons, including, but not limited to, lack of interest from the public, lack of funding, lack of commercial success or prospects, or departure of key personnel.

7.12. Lack of Interest. Even if the WORBLI.IO Software is finished and adopted and the WORBLI Platform is launched, the ongoing success of the WORBLI Platform relies on the interest and participation of third parties like developers. There can be no assurance or guarantee that there will be sufficient interest or participation in the WORBLI Platform.

7.13. Uncertain Regulatory Framework. The regulatory status of cryptographic tokens, digital assets and blockchain technology is unclear or unsettled in many jurisdictions.

It is difficult to predict how or whether governmental authorities will regulate such technologies. It is likewise difficult to predict how or whether any governmental authority may make changes to existing laws, regulations and/or rules that will affect cryptographic tokens, digital assets, blockchain technology and its applications. Such changes could negatively impact WORBLI Tokens in various ways, including, for example, through a determination that WORBLI Tokens are regulated financial instruments that require registration. Company may cease the distribution of WORBLI Tokens, the development of the WORBLI.IO Software or cease operations in a jurisdiction in the event that governmental actions make it unlawful or commercially undesirable to continue to do so.

7.14. Risk of Government Action. As noted above, the industry in which Company operates is new, and may be subject to heightened oversight and scrutiny, including investigations or enforcement actions. There can be no assurance that governmental authorities will not examine the operations of Company and/or pursue enforcement actions against Company. Such governmental activities may or may not be the result of targeting Company in particular. All of this may subject Company to judgments, settlements, fines or penalties, or cause Company to restructure its operations and activities or to cease offering certain products or services, all of which could harm Company's reputation or lead to higher operational costs, which may in turn have a material adverse effect on the WORBLI Tokens and/or the development of the WORBLI.IO Software.

ARTICLE EIGHT: LIMITATION OF LIABILITY; INDEMNIFICATION

8.1. Limitation of Liability. To the fullest extent permitted by applicable law, Buyer disclaims any right or cause of action against the World Blockchain Initiative Parties of any kind in any jurisdiction that would give rise to any Damages whatsoever, on the part of any World Blockchain Initiative Party. Each of the World Blockchain Initiative Parties shall not be liable to Buyer for any type of Damages, even if and notwithstanding the extent a World Blockchain Initiative Party has been advised of the possibility of such Damages. Buyer agrees not to seek any refund, compensation or reimbursement from a World Blockchain Initiative Party, regardless of the reason, and regardless of whether the reason is identified in this Agreement.

8.2. Damages. In no circumstances will the aggregate joint liability of the World Blockchain Initiative Parties, whether in contract, warrant, tort or other theory, for Damages to Buyer under this Agreement exceed the amount received by Company from Buyer.

8.3. Force Majeure. Buyer understands and agrees that Company shall not be liable and disclaims all liability to Buyer in connection with any force majeure event, including acts of God, labour disputes or other industrial disturbances, electrical, telecommunications, hardware, software or other utility failures, software or smart

contract bugs or weaknesses, earthquakes, storms, or other nature-related events, blockages, embargoes, riots, acts or orders of government, acts of terrorism or war, technological change, changes in interest rates or other monetary conditions, and, for the avoidance of doubt, changes to any blockchain-related protocol.

8.4. Release. To the fullest extent permitted by applicable law, Buyer releases the World Blockchain Initiative Parties from responsibility, liability, claims, demands, and/or Damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between Buyer and the acts or omissions of third parties.

8.5. Indemnification.

a. To the fullest extent permitted by applicable law, Buyer will indemnify, defend and hold harmless and reimburse the World Blockchain Initiative Parties from and against any and all actions, proceedings, claims, Damages, demands and actions (including without limitation fees and expenses of counsel), incurred by a World Blockchain Initiative Party arising from or relating to: (i) Buyer's purchase or use of WORBLI Tokens; (ii) Buyer's responsibilities or obligations under this Agreement; (iii) Buyer's breach of or violation of this Agreement; (iv) any inaccuracy in any representation or warranty of Buyer; (v) Buyer's violation of any rights of any other person or entity; and/or (vi) any act or omission of Buyer that is negligent, unlawful or constitutes willful misconduct.

b. Company reserves the right to exercise sole control over the defense, at Buyer's expense, of any claim subject to indemnification under this Section 8.5. This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between Buyer and Company.

ARTICLE NINE: DISPUTE RESOLUTION

9.1. Informal Dispute Resolution. Buyer and Company shall cooperate in good faith to resolve any dispute, controversy or claim arising out of, relating to or in connection with this Agreement, including with respect to the formation, applicability, breach, termination, validity or enforceability thereof (a "Dispute"). If the Parties are unable to resolve a Dispute within ninety (90) days of notice of such Dispute being received by all Parties, such Dispute shall be finally settled by Binding Arbitration as defined in Section 9.2 below.

9.2. Binding Arbitration. Any Dispute not resolved within 90 days as set forth in Section 9.1 shall be referred to and finally resolved by arbitration under the London Court of International Arbitration (LCIA) rules in effect at the time of the arbitration, except as they may be modified herein or by mutual agreement of the Parties. The number of arbitrators shall be one who shall be selected by Company. The seat, or legal place, of

arbitration shall be London, England. The language to be used in the arbitral proceedings shall be English. The governing law of the Agreement shall be as set forth in Section 10.1 herein. The arbitration award shall be final and binding on the Parties ("Binding Arbitration"). The Parties undertake to carry out any award without delay and waive their right to any form of recourse insofar as such waiver can validly be made. Judgment upon the award may be entered by any court having jurisdiction thereof or having jurisdiction over the relevant Party or its assets. Company and Buyer will each pay their respective attorneys' fees and expenses. Notwithstanding the foregoing, Company reserves the right, in its sole and exclusive discretion, to assume responsibility for any or all of the costs of the arbitration.

9.3. No Class Arbitrations, Class Actions or Representative Actions. Any dispute arising out of or related to this Agreement is personal to Buyer and Company and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a dispute as a representative of another individual or group of individuals. Further, a dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

ARTICLE TEN: MISCELLANEOUS

10.1. Governing Law and Venue. This Agreement shall be governed in all respects, including as to validity, interpretation and effect, by the laws of the United States, without giving effect to its principles or rules of conflict of laws, to the extent such principles or rules are not mandatorily applicable by statute and would permit or require the application of the laws of another jurisdiction.

10.2. Assignment. Buyer shall not assign this Agreement without the prior written consent of World Blockchain Initiative. Any assignment or transfer in violation of this Section 10.2 will be void. Company may assign this Agreement to an affiliate. Subject to the foregoing, this Agreement, and the rights and obligations of the Parties hereunder, will be binding upon and inure to the benefit of their respective successors, assigns, heirs, executors, administrators and legal representatives.

10.3. Entire Agreement. This Agreement, including the exhibits attached hereto and the materials incorporated herein by reference, constitutes the entire agreement between the Parties and supersedes all prior or contemporaneous agreements and understandings, both written and oral, between the Parties with respect to the subject matter hereof, including, without limitation, any public or other statements or presentations made by any World Blockchain Initiative Party about the WORBLI Tokens, the WORBLI.IO Software, the WORBLI Platform, Blockchain Tokens or any other tokens on the

WORBLI Platform.

10.4. Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid, inoperative or unenforceable for any reason, the provision shall be modified to make it valid and, to the extent possible, effectuate the original intent of the Parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

10.5. Modification of Agreement. Company may modify this Agreement at any time by posting a revised version on the Website, available at <https://WORBLI.io/>. The modified terms will become effective upon posting. It is Buyer's responsibility to check the Website regularly for modifications to this Agreement. This Agreement was last modified on the date listed at the beginning of this Agreement.

10.6. Termination of Agreement; Survival. This Agreement will terminate upon the completion of all sales in the WORBLI Token. Company reserves the right to terminate this Agreement, in its sole discretion, in the event that Buyer breaches this Agreement. Upon termination of this Agreement: (a) all of Buyer's rights under this Agreement immediately terminate; (b) Buyer is not entitled to a refund of any amount paid; and (c) Articles 3, 4, 6, 7, 8, 9, and 10 will continue to apply in accordance with their terms.

10.7. No Waivers. The failure by Company to exercise or enforce any right or provision of this Agreement will not constitute a present or future waiver of such right or provision nor limit Company's right to enforce such right or provision at a later time. All waivers by Company must be unequivocal and in writing to be effective.

10.8. No Partnership; No Agency; No Third Party Beneficiaries. Nothing in this Agreement and no action taken by the Parties shall constitute, or be deemed to constitute, a partnership, association, joint venture or other co-operative entity between the Parties. Nothing in this Agreement and no action taken by the Parties pursuant to this Agreement shall constitute, or be deemed to constitute, either Party the agent of the other Party for any purpose. No Party has, pursuant to this Agreement, any authority or power to bind or to contract in the name of the other Party. This Agreement does not create any third party beneficiary rights in any person.

10.9. Electronic Communications. Buyer agrees and acknowledges that all agreements, notices, disclosures and other communications that Company provides Buyer pursuant to this Agreement or in connection with or related to Buyer's purchase of WORBLI Tokens, including this Agreement, may be provided by Company, in its sole discretion, to Buyer, in electronic form.
